

# MOVE MORE. BURN LESS.

CAT® M SERIES SMALL WHEEL LOADERS

926M | 930M | 938M

**BUILT FOR IT.**

**YANCEY** 

# BRINGING A WHOLE NEW LEVEL OF PRODUCTIVITY AND EFFICIENCY TO THE JOB.

- » UP TO 35% MORE FUEL EFFICIENCY\*
- » UP TO 10% MORE POWER
- » INCREASED PERFORMANCE
- » EASY SERVICE ACCESS
- » COMFORT ADDING FEATURES

## MOVE MORE. BURN LESS.

*Industry leading fuel savings.*

- » Hybrid-like fuel efficiency with an intelligent hydrostatic power train and industry leading fuel savings
- » Lower maximum engine speed of just 1,600 rpm in Standard Mode

## EFFICIENTLY POWERFUL

*Increased power for maximum productivity.*

- » Standard Mode: Gain up to 5% fuel savings in composite applications. Gain up to 10% in specific applications like roading, long road and carry, and snow clearing\*\*
- » Performance Mode: Boost the power and hydraulic speed in all speed ranges to get your job done even quicker

**SAVE UP TO \$10,000  
IN FUEL (2,600 GALLONS) PER YEAR\*\*\***

## HANDLE LOADS WITH PRECISION

*Patented quick-loading Performance Series buckets and optimized Z-bar linkage.*

- » Combines the digging efficiency of a traditional Z-bar with tool carrier capabilities
- » The parallel lift and high tilt forces throughout the working range allow you to safely and confidently handle loads with precise control
- » Simplifies multi-function work with dedicated pumps for each system and a flow sharing implement valve governed by an intelligent power management system

## COMFORT WHILE YOU WORK

*Customizable controls for reduced operator fatigue.*

- » Large, spacious operator environment – combined with Cat's exclusive hydraulic cylinder damping and smooth predictable controls
- » Automatic temperature control
- » All-around visibility

## MAINTENANCE MADE SIMPLE

*Save time and money on serviceability.*

- » Easily track scheduled maintenance with Cat® ProductLink™ telematics service
- » Diesel exhaust fluid (DEF) tank is easily accessible on the right side of the machine
- » Available LED light package to help you see while working or servicing the machine
- » The engine is designed to manage itself – so you can concentrate on your work

\*35% when compared to 938H

\*\*Savings when compared to Tier 4 Interim (K Series)

\*\*\*Savings based on 938M versus 938H, working 50 hours per week

Yancey Bros. Co. is committed to helping you succeed by ensuring you have the right machine for the job, making parts available and providing you with versatile work tools.

#### **TIER 4 SIMPLIFIED**

*Features the Cat C7.1 ACERT™ engine.*

- » Meets U.S. EPA Tier 4 Final emissions standards
- » Features a clean emissions module, which uses a fit-for-life diesel particulate filter (DPF)
- » Uses a selective catalytic reduction system that only requires the addition of a diesel exhaust fluid (DEF)
- » Maintains work cycles without disruption
